TO APPEAR IN PAPERS IN LABORATORY PHONOLOGY VII

The Laboratory Phonology journal publishes research on phonology from a range of disciplinary perspectives including linguistics, psychology, speech & hearing science, communication science, computer science,

electrical & computer engineering, and other related fields. The journal encourages submissions on any of the above areas for publication in regular issues and also publishes special issues of select papers from Laboratory Phonology conferences.

Laboratory Phonology - degruyter.com

The nineteen papers and four commentaries in this volume make a substantial contribution to the field of laboratory phonology. One way Broe and Pierrehumbert incorporate the cutting edge nature of laboratory phonology into this volume is through the selection of acquisition and lexical representation as two special themes. Over half of the papers in the volume are contained in the section "Acquisition and lexical representation", with the remainder divided between the remaining two ...
