Rethinking Decentralization in Developing Countries

Decentralization: Rethinking Government 107 (c) The International Bank for Reconstruction and Development / The World Bank. South Africa and Uganda have adopted ambitious decentralization programs and, despite some difficulties with implementation, are emerging as two important models for devolving centralized power. 9 The models operate in different contexts: a middle-income and ...

Decentralization: Rethinking Government P - World Bank

The digital era, marked by a shift toward intangibles, requires a rethinking of government policy in the application of technological developments to real-world problems and the distribution of the economic gains of innovation. The intangibles economy, characterized by high upfront costs and very low reproduction costs, is driven by proprietary ideas, i.e., intellectual property, which is concentrated within a few countries and a small group

Rethinking Government-Public Relationships in a Digital

Rethinking the New World Order, Georg Sørensen (London: Palgrave, 2016), 264 pp., \$120 cloth, \$48 paper. The defining question of world order today is whether the rapid shifts in the global balance of power make war between rising and dominant powers very likely.

Rethinking the New World Order by Georg Sørensen - Ethics

From transactions to changemaking: Rethinking partnerships between the public and private sectors provides a new voice to the debate. This report calls for a fundamental rethink about the relationship between the public and the private sector in a changing world. It sets out the shift required to be fit for purpose – from an approach which we identify as primarily transactional in nature, to ...

From transactions to changemaking: Rethinking partnerships

result of this report, the Government passed the Modern Slavery Act 2015, one of the first pieces of legislation in the world to address slavery and trafficking in the 21st century. Our research is informed by expert working groups comprising prominent academics,

2. EMBRACING INNOVATION IN GOVERNMENT: GLOBAL TRENDS Innovation in government is about finding new ways to impact the lives of citizens, and new approaches to activating them as partners to shape the future together.

Embracing Innovation in Government – Global Trends

There is a huge amount of hysteria about government debt and deficits, not just in the UK but throughout much of the world. As I write, Brazil has been downgraded by Standard & Poors because of concerns about rising government debt and weakening commitment to primary fiscal surpluses in a context of
