William Sanjour* Albert Einstein said the definition of insanity is doing the same thing over and over again and expecting different results. We have been "reforming" regulatory agencies over and over again, and over and over again they have failed.

Designed to Fail: Why Regulatory Agencies Don't Work

Mental imagery plays a significant role in guiding how we feel, think, and even behave. These mental simulations are often guided by language, making it important to understand what aspects of language contribute to imagery vividness and consequently to the way we think.

Using a foreign language reduces mental imagery
